REAL ESTATE

Turn Over Doubles From A Year Ago

Over the last 6 months we've been speculating that Perth had hit the bottom of its market and we are seeing evidence supporting this in the increased number of buyers through our Home Opens.

Another indicator is property turnover and sales have doubled compared to a year ago, where sales turnover was sitting around 300 sales on average per week, to now, over 600 sales per week. This represents more of the "normal" selling market for the Perth Metro area.

The number of homes on the market is steadily decreasing, even with the traditional influx of new spring listings which generally spike at this time of year.

We even have people like media magnate Kerry Stokes saying if you don't get in and buy in Perth now "you're nuts".

I would tend to agree with him. I've also said to my family and friends it's a great time to buy because in the years to come there will be some good capital growth in the market, especially down the south east corridor because of its proximity to the CBD.

Other factors include Iron Ore and commodity prices in general, along with employment are all sitting at levels that we haven't seen since 2007.

So go buy with confidence and make the most of the current market place.

With only a few weeks to go, it's hard to believe that another year has now passed. On behalf of all of us here at Naked Real Estate we would like to **wish everyone a very safe and happy Christmas and New Year.**

As always, if there is anything I can do for you please feel free to contact me, your Darling Downs & Oakford specialist, **Brendan Leahy** on 0439 998 867 or email brendan@nakedrealestate.com.au, any time.

"The best thing that we liked about Brendan and his team was that they were able to narrow down our expectations after the initial contact itself. We had a tight budget and still we needed some space in our backyard not too far from city or amenities. They recommended we look in to our present home...it was not even in the locations that we were checking out earlier. We saw the place and it was exactly what we required.. ample space, close to amenities and even the school was one of schools we were hoping to settle next to. All our processing went smooth thanks to Brendan and his team. All our concerns were addressed, plus he was really quick in responding to all queries as well handling all the required inspections and paperwork. Simply out, Great Agent and they gave us a hassle free, smooth transition experience."
